### Kalaripayattu Background:

Kalari Vidya (Kalaripayattu martial arts training) is one of the 64 Vidyas described in Indian Scriptures/ Gurukulam learning tradition and comes under traditional Vyayam/Exercises learning. Just like Yoga & Natyashastra it is said to have originated from Lord Shiva himself and in time passed onto Sage Parshurama and Sage Agasthya in Indian learning system for development of self and society. Kalaripayattu is the Traditional Martial Arts form from Kerala state of India, where it was established in Kalaris by Sage Parshurama and has since been conserved by traditional Siddhas through ages. The Kalaripayattu training system is associated with Indian Medicine & Healing system pioneers such as Sage Agasthya, Bhogar, Sushruta, Charak, Vagabhatta etc. who knew complete Anatomy and Surgery of the Human body and founded Ayurveda Surgical science. Since Indian independence, Kalari is towards a state of revival through great efforts of Masters/Gurukkals/Asans in Kerala and is finding popularity in recent times throughout India.

Bharatiya Vidya Bhavan is now bringing the Kalaripayattu Martial Arts training in collaboration with Nithya Chaithanya Kalari trainers as a comprehensive semester wise learning Syllabus. The arts and system of learning will help improvement of flexibility, agility, mental health, concentration, sharp mind and Body strength. Kalaripayattu is proven to immensely help students, other professionals viz. Dancers, Choreographers and Sportsperson for laying strong foundation in their arts and sports.
